

Indoor LED Lamp: Mini Sunflower SFLm

Mini Sunflower is a System Extension Lamp for Solar Home Systems with 5 V DC USB output or 12V DC applications.

Lamp is ideal for lighting applications with low brightness requirement, e.g. small rooms or night light. Easy to use plug and play with 8m wire, switch and Plug included for flexible and easy installation.

Technical Data Mini Sunflower Lamp		
Type	SFLm-5/0.25CW	SFLm-12/0.25CW
Light color type	CW (cool white)	
Color Temperature +/- 10% in K	6000K	
Power	0.25W	
Current @ 5V	0.05A (+/- 6mA)	
Lumen output	17lm	
Voltage	5V DC	12V DC (11... 15V)
CRI	>70%	
Working Temperature	-20...+50°C	
LED lifetime	>36,000h	
IP Rating	IP40	
Humidity	<95% non-condensing	
Diameter/Height	60mm/26mm	
Material	ABS/PC (black)	ABS/PC (white)
Wire	8m (+/-10cm) Wire and Switch Wire terminal to Switch: ca. 5m Wire Switch to Lamp: ca. 3m	
Terminal	USB-A Plug	Barrel plug (4.7/1.7mm)
All performance values valid at nominal Voltage and 25°C ambient temperature
